

Members of the CT Judiciary Committee,

I am writing to express my support of HB 6491. The right of self-defense shall not be infringed and if that self- defense is of non-lethal means, it should be deemed self- defense, not criminal, because that occurrence may allow a victim an opportunity to escape harm. The right of self-defense is God-given and guaranteed by the United States Constitution Bill of Rights and the Connecticut State Constitution.

Thank you for your time and service.
